**Objectives of the Job Application**

A person with high attitude, responsible, well organised, hard worker, work in silence, friendly and approachable able to follow instructions accurately, and seek in development. Engineering is my source of inspiration, because well results are achieved by scenes of happiness and positive thinking.

The position (Research assistant) that I applied for is one of my goals and it's the first step of my academic carrier which is my childhood dream , I trust if I got this position I will help the new students with all my architectural background that I have been got from my lectures and architectural staff.
